Euro Bar Pull

#0001	SN	128mm - 5"
-------	-----------	------------

Integral Pull

SA	9" - 36"
-----------	----------

Pentco's Integral Pulls are machined to fit the specifications of each individual drawer or door. The Integral Pulls are designed to be used with Pentco's Squareline Door profile, and when installed allows for a 0.5mm overhang on either side of the drawer or door & approximately 1mm on the face which will vary, based on the final thickness & choices of laminate or veneers when combined with the substrates. The handle adds 2 mm in height when installed. The Integral Pull is only available through Fullwrap, and sold with door purchase only.

Bow Pull

#1210	WS	or #1212	WB	Dia. 7.8mm x 96mm - 3.75"
#1215	SN	or #1218	MB	Dia. 7.8mm x 96mm - 3.75"
